Re: Reclamation Commitment/Condition
for Reclamation Contract

Dear Mr. Tetting:

In accordance with our submittal of December 2, 1982 to Mr. Smith and item 1 of your December 17, 1982 letter, we will commence reclamation activities at our Cane Creek Mine (019-007), which is on State Lease #8066, during the second quarter of 1983. We anticipate seeding activities being performed before or during the fall planting season of this year.

I trust this satisfies the Division's needs in this regard and that the reclamation contract will be granted final approval during the next Board meeting. If there are additional questions, please contact me or Mr. Rick Broschat at your convenience.

Yours very truly,

Richard E. Blubaugh
